Getting Started

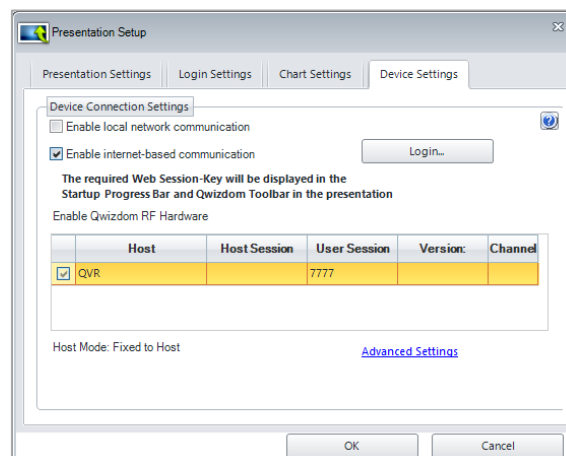

For the Instructor

- Click  to open *Connect*. In the Qwizdom Online menu at the top of the window, *Login to Qwizdom Online*. (If you have not registered, click 'New User'.)
- Select the activity to be presented then click  to *Start a Presentation*.
- In the *Presentation Setup* window, select the presentation options desired (i.e. *Participant List*, *Save Results*, and *Present As*).
 - When choosing *Anonymous* (*Participant List* drop-down menu), an ID number is not needed by User. In all other cases, Users will need an ID number and/or username and password.

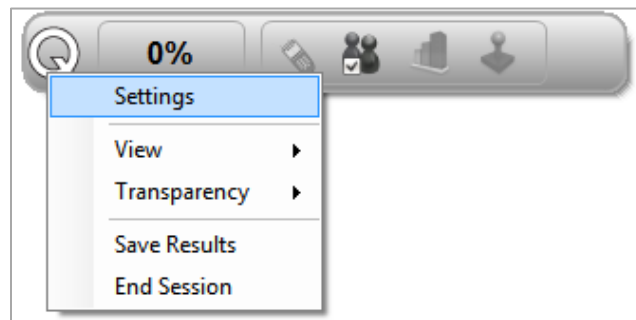

- Click on *Device Settings* tab. Check *Enable Internet-Based Communication*. Click *OK* to start the presentation.

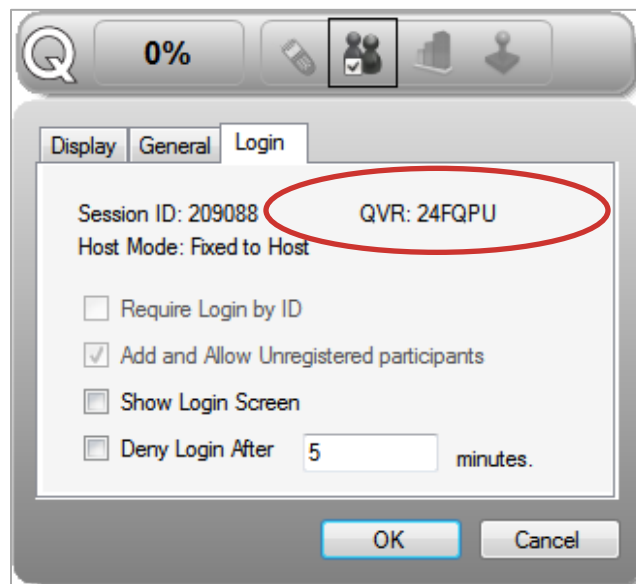

- The *Session ID* will appear in two places:
 - initialization process window

- the Qwizdom toolbar (presentation screen)
 - Right-click on Q. Click *Settings*.

- Under *Settings*, click on *Login* tab. The QVR Session Key also appears here.

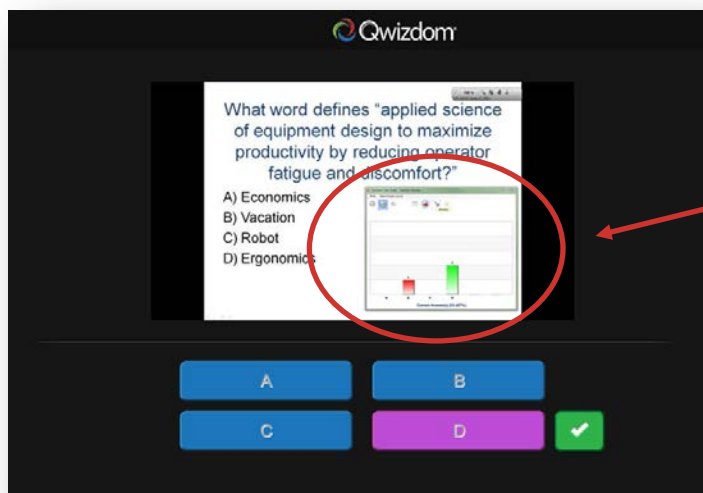

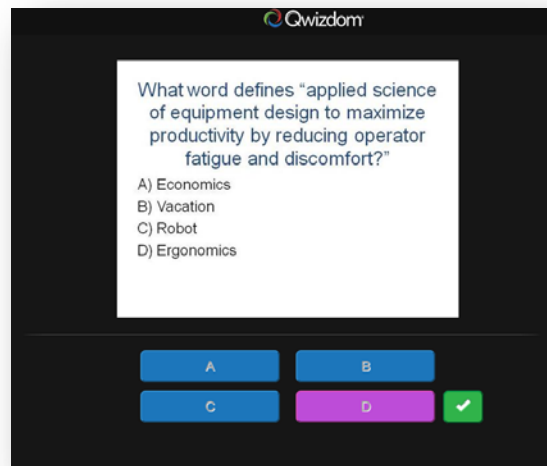

- Navigate through the presentation using the *Presentation Toolbar*.

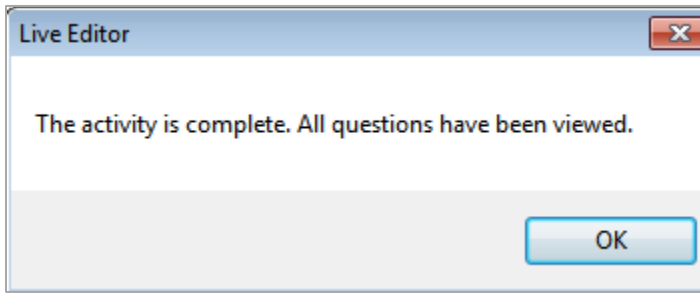

- Use left and right arrows to move through the presentation.
- Click on  to show the answer and explanation slides.

Note: The User will see the presentation via their personal web-enabled device.

Note: The Instructor can display a chart showing the results of all other users currently in the presentation.

- At the end of the presentation, a window will appear:

For the User

- Download the “Qwizdom QVR” app from *Google Play* (Android) or the *App Store* (iOS).
OR
- Go to <http://qvr.qwizdom.com> on a web-enabled device.

- In the QVR window, select *I have a Session Key*. Click *OK*.

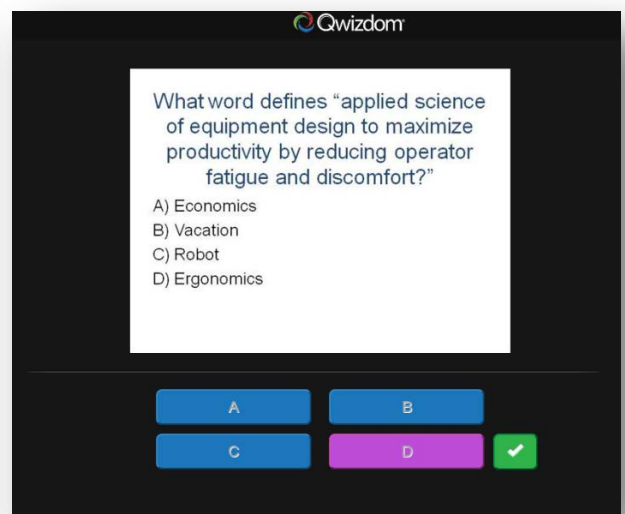

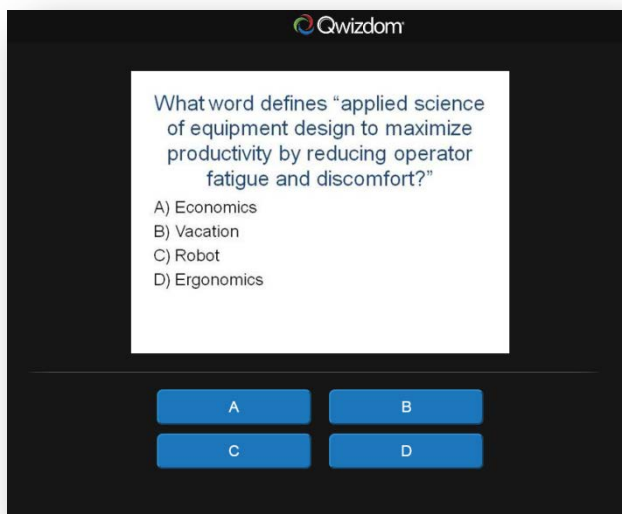

- Enter the *Session ID* provided by the Instructor. Click *OK*.

- Enter the *Login ID* provided by the Instructor. Click *OK*. The first slide of the presentation will appear.

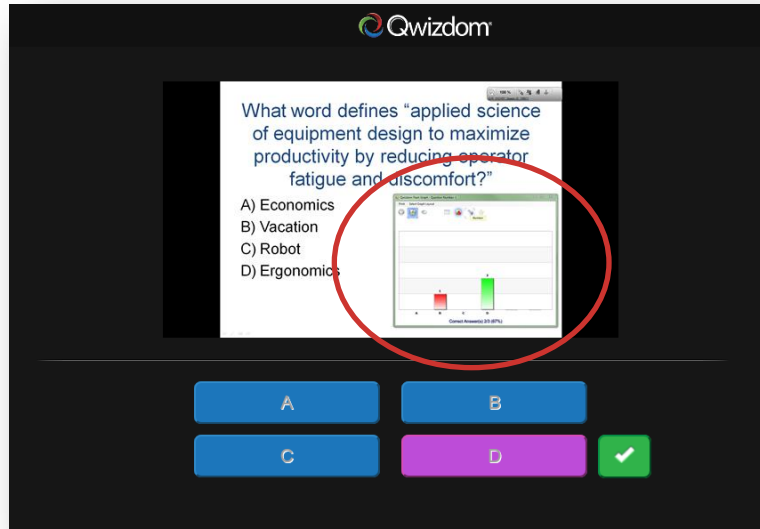

- For questions presented, select answers by clicking or typing the answers (depending on the question type). Once an answer has been selected, it will automatically submit the answer.

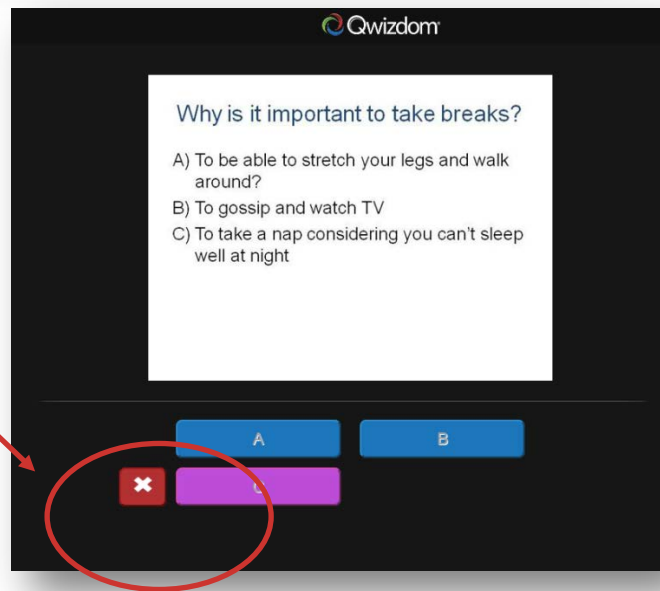

If the answer chosen is correct, a green checkmark will appear.

- The Instructor can also show all User answers via a variety of charts.

Note: If an answer is incorrect, a red X will appear.

- At the end of the presentation, this window will appear:
